- Entrance into the PHETE Option should occur no later than the end of the 4th semester.
- Students must be in the PHETE option before starting Block 1.
- Students must be in the PHETE option before applying for student teaching practicum (Kines 495A). Students apply for student teaching a year in advance. This means that students must be in the PHETE Option at the conclusion of Block 2 semester to maintain normal academic progress. If students are not in the option at this time, then the opportunity to student teach may be in jeopardy; and graduation will be delayed. If you have any questions, please see your advisor.

Please record your progress toward completion of the requirements listed below. Return this form to your assigned Academic Advisor in the Kinesiology Advising Center WITH A COPY OF YOUR PHETE DEGREE AUDIT AND A COPY OF YOUR PAPA SCORES (if your scores are not on your degree audit) for final approval.
