

Steven A. Branstetter, Ph.D.

Office Address: Department of Biobehavioral Health
The Pennsylvania State University
227 Biobehavioral Health Building
University Park, PA 16802

Voice: (814) 865-7793
Fax: (814) 863-7525
E-Mail: sab57@psu.edu

Research Focus and Expertise:

Smoking behaviors and nicotine dependence among adolescents and adults; individual, social and environmental factors related to smoking and smoking cessation among adolescents; smoking behaviors associated with disease risk and cessation failure; experience and predictors of acute nicotine withdrawal.

Education:

- ***Ph.D. in Child Clinical Psychology***, University of Denver (APA Accredited), 2005
- ***M.A. in Clinical Psychology***, University of Colorado at Denver, 1998
- ***B.A. in Psychology and Sociology***, University of Colorado at Boulder, 1995

Academic Appointments:

- ***Associate Professor*** (2015-Present)
Department of Biobehavioral Health, The Pennsylvania State University
- ***Assistant Professor*** (2009-2015)
Department of Biobehavioral Health, The Pennsylvania State University
- ***Assistant Professor*** (2005-2009)
Clinical Child Psychology, Department of Psychology, West Virginia University
- ***Associate Member*** (2013-Present)
Population Research Institute, The Pennsylvania State University
- ***Leader (2020-Present) / Co-Leader*** (2013-2020)
Cancer Control Program, Penn State Cancer Institute
- ***Member*** (2009-Present)
Penn State Cancer Institute

Professional Memberships:

- Society for Research on Nicotine and Tobacco
- College for Problems on Drug Dependence

Honors and Awards:

- Outstanding Collaborative Research (2018)
Milton Hershey School of Medicine, The Pennsylvania State University,
- Award for Teaching Excellence (2017)
College of Health and Human Development, The Pennsylvania State University
- Award for Teaching Excellence (2013)
College of Health and Human Development, The Pennsylvania State University
- Outstanding Graduate Student Award (1998)

TEACHING

Formal Classroom Teaching – Graduate Level:

Title: ***Biobehavioral Health Intervention Strategies*** (BBH 504; 3 credit hours). The Pennsylvania State University, Department of Biobehavioral Health.
Role: Course instructor (100% responsibility).
Enrollment: 5-10 graduate students.
Description: Overview of strategies used in a range of biobehavioral health intervention are examined.
Offered: Spring 2018, Spring 2019, Spring 2020, Spring 2021

Title: ***Behavioral Health Research Strategies*** (BBH 505; 3 credit hours). The Pennsylvania State University, Department of Biobehavioral Health.
Role: Course instructor (100% responsibility)
Enrollment: 8-10 graduate students.
Offered: Two semesters (one semester 100%; one semester 66%)
Description: Research strategies in behavioral health investigations are examined. Designs and data analytic models relevant to biobehavioral research are included
Offered: Fall 2010, Fall 2013

Title: ***Advanced Behavioral Research Strategies*** (BBH 597a; 3 credit hours). The Pennsylvania State University, Department of Biobehavioral Health.
Role: Co-Instructor (5 weeks).
Enrollment: Eight graduate students.
Offered: One semester (33%)
Description: This course is an experimental course which serves as continuation of BBH 505
Offered: Spring 2014

Title: ***Child Behavior Therapy*** (PSYCH 671; 3 credit hours). West Virginia University, Department of Psychology.
Role: Course instructor (100% responsibility).
Enrollment: 10 graduate students
Description: Assessment, intervention, and evaluation strategies appropriate for childhood disorders and based on behavior principles
Offered: Two semesters

Title: ***Multivariate Statistics*** (PSYCH 612; 3 credit hours). West Virginia University, Department of Psychology.
Role: Course instructor (100% responsibility).
Enrollment: 20 graduate students
Description: Data analysis techniques in psychology with application to typical research problems. Includes simple matrix algebra, discriminant analysis, multivariate analysis of variance, and an introduction to factor analysis
Offered: One semester

Title: ***Seminar in Methodology: Structural Equation Modeling*** (PSYCH 711; 3 credit hours). West Virginia University, Department of Psychology.

Role: Course instructor (100% responsibility).
Enrollment: 15 graduate students
Description: Introduction to theoretical and practical application of structural equation modeling
Offered: One semester

Title: **Research Design and Data Analysis II** (PSYCH 512; 3 credit hours). West Virginia University, Department of Psychology.
Role: Course instructor (100% responsibility).
Enrollment: 15 graduate students
Description: Inferential statistics, simple correlation and regression, multiple correlation and regression, partial correlation, analysis of power, analysis of covariance, analysis of variance of designs with unequal cell sizes.
Offered: One semester

Formal Classroom Teaching – Undergraduate Level:

BBH 411w

Title: **Foundations and Principles of Health Promotion** (BBH 316; 3 credit hours). The Pennsylvania State University, Department of Biobehavioral Health.
Role: Course instructor (100% responsibility)
Enrollment: 20 undergraduate students
Description: A general introduction and overview of human health, public health, and a range of health promotion activities
Offered: Fall 2016, Spring 2017, Summer 2017, Fall 2017, Summer 2019

Title: **Health Promotion II: Planning, Implementation, and Evaluation** (BBH 416; 3 credit hours). The Pennsylvania State University, Department of Biobehavioral Health.
Role: Course instructor (100% responsibility)
Enrollment: 40 undergraduate students
Description: Planning, implementation, and evaluation of health promotion, prevention, and intervention programs; emphasizing evaluation
Offered: Fall 2015, Fall 2016, Spring 2018, Summer 2018, Fall 2018, Summer 2019

Title: **Advanced Applications in Health Promotion** (BBH 417; 3 credit hours). The Pennsylvania State University, Department of Biobehavioral Health.
Role: Course instructor (100% responsibility)
Enrollment: 20 undergraduate students
Description: Advanced learning experience in health promotion applications in which students will actively participate in planning, implementing, evaluating health programs
Offered: Spring 2015, Spring 2016, Spring 2017, Spring 2018

Title: **Research Strategies for Studying Biobehavioral Health** (BBH 310; 3 credit hours). The Pennsylvania State University, Department of Biobehavioral Health.
Role: Course instructor (100% responsibility)
Enrollment: 100 undergraduate students
Description: Surveys the various research methodologies used in biomedical research, including case, epidemiological, quasiexperimental and experimental approaches
Offered: Spring 2012

Title: ***Introduction to Biobehavioral Health*** (BBH 101; 3 credit hours). The Pennsylvania State University, World Campus Online Instruction.
Role: Course instructor (100% responsibility)
Enrollment: 30-40 undergraduate students.
Description: Introduction to an interdisciplinary study of health, examining the interaction of biological processes and behavior on health
Offered: Summer 2014, Fall 2014, Spring 2015, Fall 2015, Spring 2016, Fall 2016, Summer 2016, Fall 2016, Spring 2017, Fall 2017, Spring 2020

Title: ***Research Methods in Psychology*** (PSYCH 202; 3 credit hours). West Virginia University, Department of Psychology.
Role: Course instructor (100% responsibility)
Enrollment: 100 undergraduate students
Description: Research methods in experimental, developmental, clinical, and community-social psychology in the laboratory and the natural environment
Offered: One semester

Title: ***Exceptional Children*** (AKA Abnormal Child Psychology; PSYCH 382; 3 credit hours). West Virginia University, Department of Psychology.
Role: Course instructor (100% responsibility).
Enrollment: 25 undergraduate students
Description: Exceptional mental retardation or advancement; organic disabilities having behavioral consequences, such as cerebral palsy or deafness; and behavior disorders
Offered: Four semesters

MENTORING

Doctoral Dissertation Supervision:

- Russell Nye. Ph.D. in Biobehavioral Health, The Pennsylvania State University, Department of Biobehavioral Health.
- Andrea Stroup. Ph.D. in Biobehavioral Health, The Pennsylvania State University, Department of Biobehavioral Health.
- Melissa Mercincavage, Ph.D. in Biobehavioral Health, *"Effects of Expectancies on Subjective Ratings, Smoking Behaviors, and Changes in Beliefs About Reduced Nicotine Cigarettes."* Proposed May, 2014. The Pennsylvania State University, Department of Biobehavioral Health.
- Matthew Goldfine, Ph.D. in Clinical Psychology, *"The nicotine withdrawal assessment for youth: Initial instrument validation and psychometric properties."* Completed 05/13/2009. West Virginia University, Department of Psychology.
- Lisa Greene, Ph.D. in Clinical Psychology, *"Impulsivity and trauma exposure in adolescents."* Completed 05/15/2008. West Virginia University, Department of Psychology.

Doctoral Dissertation Committee Membership:

- Jessica Braymiller, Ph.D. in Biobehavioral Health. Department of Biobehavioral Health. The Pennsylvania State University.
- Constanza Silva, Ph.D. in Biobehavioral Health. Department of Biobehavioral Health. The Pennsylvania State University.
