

IMPORTANT MESSAGE FROM HEAD OF THE DEPARTMENT OF BIOBEHAVIORAL HEALTH, DR. THOMAS GOULD

Dear BBH Majors and Pre-Majors,

I am writing with important reminders regarding BBH Degree Requirements, particularly coursework that requires C or higher grades.

As a reminder, to earn a B.S. in Biobehavioral Health, and as stated in the University Bulletin (<http://bulletins.psu.edu/undergrad/programs/baccalaureate/>), a grade of C or higher is required in the following courses:

BBH 101

BIOL 141

PSYCH 100

BBH 310

BBH 311

BBH 316

BBH 411

BBH 440

CHEM 101, CHEM 110, MICRB 106 or BIOL 230W

STAT 200 or STAT 250

15 credits of ADDITIONAL BBH COURSES based on pre-approved list (6 credits of which must be at the 400-level).

Students who do not earn a grade of C or higher in these courses are not eligible to earn a B.S. in BBH until these courses have been retaken and completed with a C or higher. Please see <http://handbook.psu.edu/content/repeating-courses> for information about repeating courses and limits on repeating courses.

If you are struggling to complete any of the courses above with a C or higher, please arrange, as early as possible, to have a conversation with your BBH academic adviser regarding the suitability of BBH as your intended degree program and to consult on strategies for success.

Sincerely,

Thomas Gould, Ph.D.

Head, Department of Biobehavioral Health
